SAYEM IBNE ISLAM

Computer Engineering Graduate

Address: Sharjah/Dubai, UAE | Phone: +971 54 498 9752 | Email: sayemislam941@outlook.com
Availability: Immediate Joiner | Visa Status: Resident Visa (Based in UAE)

PROFESSIONAL SUMMARY

Driven Computer Engineering graduate (Graduated January 2026) based in the UAE, actively leveraging AI tools, Python scripting, and digital transformation technologies to solve complex problems. Combines hands-on technical experience in system engineering, network routing, and data analytics with strong operational experience in retail software (SAP) and customer-facing roles. Proficient in Microsoft Office (Excel, PowerPoint, Word) and experienced in building automated workflows, digital document systems, and analytical reports. Possesses strong analytical, communication, and cross-functional collaboration skills, eager to contribute innovation, technical agility, and a passion for consumer electronics to Samsung's Regional MENA Graduate Program.

EDUCATION & CREDENTIALS

- **Bachelor of Science in Computer Engineering** – Ajman University, UAE (Graduated: January 2026)
- **Cambridge International AS & A Levels** – Arab Unity School, Dubai, UAE

CORE TECHNICAL & GRADUATE COMPETENCIES

- **AI Tools & Applied AI Solutions:** Actively utilizes modern AI development tools, prompt frameworks, and Python scripts to automate processes, analyze datasets, and optimize technical workflows.
- **Microsoft Office Suite:** Advanced capability in Microsoft Excel (data manipulation, reporting), PowerPoint (executive presentations), and Word (technical documentation).
- **Systems & Software Integration:** Hands-on experience with server deployment, local network configurations, static IP routing, and enterprise platforms (SAP, Retail Pro).
- **Analytical & Problem Solving:** Adept at root-cause analysis, system performance monitoring, inventory auditing, and translating business goals into technical requirements.
- **Communication & Collaboration:** Strong interpersonal and cross-functional communication skills; experience working with regional teams, global HR/finance, and external vendors in fast-paced environments.

PROFESSIONAL TECHNICAL EXPERIENCE

Technical Engineer (Systems & Infrastructure)
Flex Tech Solutions L.L.C. (Dubai, UAE) | 05/2025 – 08/2025

- Assisted in server installations, static IP network routing, and local network configurations to ensure uninterrupted platform availability.
- Supported enterprise system integration and digital transformation initiatives, including implementing secure document workflows (DocuSign).
- Executed systematic troubleshooting, root-cause analysis, and log debugging to resolve complex system and connectivity issues.
- Leveraged AI tools and Python scripts to streamline technical prototyping and automate routine operational tasks.

- Monitored system performance parameters to maintain stability and created detailed technical configuration reports using Microsoft Word and Excel.

Administrative & Systems Assistant
Marks & Spencer | 06/2021 – 09/2021

- Utilized Tier-1 enterprise resource platforms, specifically SAP and Retail Pro, for inventory tracking, sales reporting, and operational updates.
- Maintained strict operational data compliance by auditing stock tracking indicators and verifying delivery logs in Excel.
- Coordinated daily banking reports and store sales updates with global HR and management, ensuring seamless cross-department communication.
- Delivered high-quality customer service, supported merchandising strategies, and assisted with front-desk operations and multi-line phone networks.

Administrative & Technical Design Assistant
Ranks & Rocks Contracting | 06/2019 – 05/2020

- Utilized AutoCAD software to draft clean engineering layouts, blueprint schematics, and structured technical project documentation.
- Managed daily administrative scheduling, official correspondence, service agreements, and price quotations for clients.
- Maintained office equipment functionality by conducting routine maintenance checks and coordinating vendor repairs.
